UPGRADE NOTES - Handle

Penn started subbing handle to 24M-15KG in 2005

To use the new number, you also need to change the screw (key#39) to 23-15KG

TYPO: *Some of Penn's schematics have the 63 and 63A key numbers mis-matched on the drawing*

63 63-50 HANDLE KNOB SCREW, SHORT

63A 63A-50 HANDLE STUD SCREW, LONG

This schematic drawing has the numbers correctly as shown here.
