NOTE: Many of www.pennparts.com schematics include changes that were either made by Penn, or errors found and corrected by our parts dept.
SBT Ver. 052514 (based on Penn's Rev. 3 12/13/05)

Much older reels may have a slightly different spool and pinion gear (shaft design different)
Examine your old spool if you are intending to change EITHER of these parts.
If the spool has lines like spokes radiating out from the shaft where the pinion gear sits on the spool, then you would need to change both spool and pinion

13 13-49LH	PINION (LEFT HAND VERSION)
29L 29L-49	SPOOL
